TERROIR CREED

INTRODUCTION

Welcome to the “Terroir Creed”, where we celebrate the unique essence of Greek wines. Terroir, a concept that embodies the distinct environmental factors influencing wine and thus create its character. From the sun-drenched vineyards of Crete and the volcanic soils of Santorini, to the rolling hills of the Peloponnese and the rich landscapes of Macedonia, each terroir imparts its own character to the grapes. Our carefully curated selection aims to uplift your culinary experience, revealing the secrets woven into the traditions of Greek winemaking.
